 Mandy Money

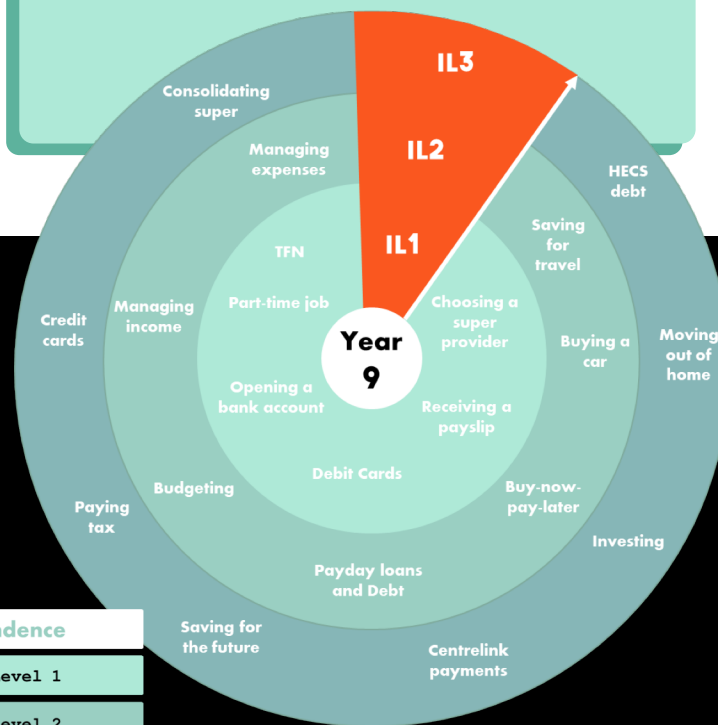

## why financial literacy?

- 75%** of young Australians worry they are making poor financial choices\*
- 1.3%** the annual savings rate of 21 - 25 y/o Australians\*
- 81%** of 15-25 y/o Australians want to learn to manage their finances\*

\*Westpac 2018 Financial Literacy Study

## how do we do it?

we offer presentations, workshops and teacher resource packs for students in years 8-12...

## curriculum scope

- Based on our real experiences as young Australians
- Designed in line with National Consumer & Financial Literacy Framework
- Tailored to your priorities

### three core areas reflecting progressive student independence

|   |                         |            |                                                                                                          |
|---|-------------------------|------------|----------------------------------------------------------------------------------------------------------|
| 1 | money starters          | Year 9     |  Independence Level 1 |
| 2 | managing money          | Year 10    |  Independence Level 2 |
| 3 | planning for the future | Year 11-12 |  Independence Level 3 |
